

JOB OPPORTUNITIES

Mechanical Engineering Trainer

Vanuatu Institute of Technology is seeking a dedicated and knowledgeable Mechanical Engineering Trainer to join our team. We are looking for an individual with a strong foundation in mechanical engineering principles and a passion for teaching others. The ideal candidate will be responsible for developing and delivering engaging training programs to students and apprentices just beginning their journey in the mechanical engineering field.

Key Responsibilities

- Develop and deliver effective training modules on fundamental mechanical engineering concepts, including thermodynamics, fluid mechanics, material science, and machine design.
- Create hands-on practical exercises and lab sessions to reinforce theoretical knowledge.
- Assess and evaluate trainee progress through quizzes, exams, and practical assessments.
- Provide constructive feedback and support to trainees to help them achieve their learning objectives.
- Maintain up-to-date knowledge of industry standards, new technologies, and best practices in mechanical engineering.
- Ensure a safe and effective learning environment for all trainees.

Qualifications and Requirements

- Bachelor's degree in Mechanical Engineering or a related field.
- Proven experience in a mechanical engineering role or as a technical trainer.
- Strong understanding of core mechanical engineering principles and their practical applications.
- Excellent communication and presentation skills, with the ability to explain complex concepts in a clear and easy-to-understand manner.
- Prior experience developing training materials and curricula is a plus.

Why Join Us?

At Vanuatu Institute of Technology, you'll have the opportunity to make a real impact on the next generation of mechanical engineers. We offer a supportive work environment, competitive salary, and opportunities for professional development.

To apply, please submit your resume and a cover letter detailing your relevant experience to **Human resource department VIT, Private Mailbag 9015 Port Vila** or you can email your application to **wululrane.m@vit.edu.vu**. Vanuatu Institute of Technology is an equal opportunity employer.

Application Closing Date: Friday 29th August 2025 by 4:30pm

Automotive Engineering Trainer

Vanuatu Institute of Technology is seeking a dynamic and skilled Automotive Engineering Trainer to join our dedicated team. We are looking for an individual with a solid understanding of automotive systems and a passion for shaping the next generation of automotive technicians. The ideal candidate will be responsible for instructing entry-level students and apprentices in the foundational principles and practical skills of automotive engineering.

Key Responsibilities

- Develop and deliver engaging and effective training modules on fundamental automotive engineering concepts, including engine operation, basic electrical systems, vehicle safety, and workshop procedures.
- Create and supervise hands-on practical exercises and lab sessions that reinforce theoretical knowledge, such as basic diagnostics, oil changes, and tire rotation.
- Assess and evaluate trainee progress through practical assessments, written tests, and observation.
- Provide constructive feedback and mentorship to trainees, ensuring they meet learning objectives and safety standards.
- Maintain up-to-date knowledge of automotive technologies, industry regulations, and best practices.
- Ensure a safe, organized, and effective learning environment for all trainees.

Qualifications and Requirements

- Relevant technical diploma or certification in Automotive Technology, Automotive Engineering, or a related field.
- Proven experience as an automotive technician or in a training capacity within the automotive sector.
- Strong understanding of basic automotive systems and diagnostic tools.
- Excellent communication and instructional skills, with the ability to clearly explain complex topics to novices.
- Prior experience in curriculum development and teaching is a significant advantage.
- Valid driver's license and relevant industry certifications (e.g., ASE, Red Seal) are highly desirable.

Why Join Us?

At Vanuatu Institute of Technology, you will play a crucial role in building the foundation for future professionals in the automotive industry. We offer a supportive work environment, a competitive salary, and opportunities for professional growth.

To apply, please submit your resume and a cover letter detailing your relevant experience to **Human resource department VIT, Private Mailbag 9015 Port Vila** or you can email your application to **wululrane.m@vit.edu.vu**. Vanuatu Institute of Technology is an equal opportunity employer.
