

Government of Vanuatu

Ministry of Lands and Natural Resources

REQUEST FOR EXPRESSION OF INTEREST (REOI).

Vanuatu Affordable and Resilient Settlements Project

Assignment Title: Project Manager

Reference No. C3-CS-001.

Project Code: P173278

1. Background

A long-term vision of the Government of Vanuatu (GoV) is to provide potable water, sanitation, roads, drainage and electricity to low-income households for the largest number of citizens. To address this, the International Development Agency is supporting the GoV with the Vanuatu Affordable and Resilient Settlements Project (VARs). Aims of the Project include: (a) basic area upgrading of four informal settlements (Ohlen Mataso, Seaside, Tokyo and Anamburu); (b) developing a 10 ha 'sites-and-services' (greenfield) lower-middle income residential area subdivision; (c) expansion or rehabilitation (as required) of off-site infrastructure focusing on flood management, mitigation; and (d) implementing measures for transformative institutional capacity strengthening of responsible Government of Vanuatu and sub-national agencies for planning, financing, and improving human settlements.

The Project will be implemented by the Ministry of Lands and Natural Resources (MoLNR), supported by the Ministry of Internal Affairs (MIA), Ministry of Infrastructure and Public Utilities (MIPU), the Department of Environmental Protection and Conservation, Shefa Provincial Council, and Port Vila City Council.

The development objective of the Project is to (i) improve access to and resilience of infrastructure and services in selected settlements, and (ii) strengthen relevant public institutions' systems to manage human settlement. The project will involve four components as follows:

Government of Vanuatu

Ministry of Lands and Natural Resources

Proposed Components and Sub-components
Component 1: Affordable and Resilient New Settlement Development <ul style="list-style-type: none">1.1 Resilient new settlement development1.2 Sustainable urban drainage for settlements1.3 Institutional and systems strengthening for future settlement planning and development
Component 2: Affordable and Resilient Settlement Upgrading <ul style="list-style-type: none">2.1 Resilient settlement upgrading2.2 Institutional and systems strengthening for upgrading unplanned settlements
Component 3: Strengthening Institutional Capacity for Implementation and Sustainability
Component 4: Contingent Emergency Response

2. Implementation Arrangements

Institutional and implementation arrangements are shown diagrammatically in Figure 1 below:

3. Purpose of the Assignment

The Project Manager will be responsible for managing the day-to-day activities of the Project including smooth coordination of project implementation activities among the PIU, MoLNR, other government agencies, and local government agencies involved in project implementation. The Project Manager will be responsible for leading and managing all team members in the PMU.

Therefore, the Ministry of Lands and Natural Resources, Project Management Unit (PMU) seeks to invite eligible and interested consultants or individuals to indicate their interest in the **Project Manager** position. Interested Consultants or individuals should provide information demonstrating that they have the required qualifications, knowledge and skills and relevant experience to perform this service. This position will be based in Port Vila, Vanuatu under the Ministry of Lands and Natural Resources, Project Management Unit (PMU).

All applications will go through a selection process and the successful candidates will be notified to attend an interview via Zoom. After the applicants are interviewed only one candidate will be selected as the successful candidate for this position.

This is an exciting opportunity for locals who are willing to take up this challenging opportunity or anyone outside of Vanuatu who is interested in live and work in Vanuatu and to help contribute to the Vanuatu's development.

Closing date of application is on **20th May 2022 at 05:00pm** (Vanuatu Time).

How to apply:

1. Cover letter (Application).
2. CV and relevant qualifications.
3. Completion of EOI Application.
